ASSOCIATION
DIRECTORY
2011**

Prepared and Issued by

**TEXAS WORKFORCE COMMISSION
AGRICULTURAL SERVICES**

PREFACE

The Agricultural Services Unit strives to provide the agricultural industry and those related with broad based service that offers employers job-ready applicants as well as industry training for employers and employees; to provide a safer more efficient working environment by promoting safety and regulatory compliance instruction; to increase agricultural job placements; and to improve the awareness of agricultural job opportunities and their economic contributions to the state.

We are aware changes in organizations occur daily. Your understanding of that fact is appreciated and we apologize to members who take office in the following months and whose names are not listed. We are grateful for your continuing efforts of support and encouragement and hope you will find this directory a valuable resource.

If you would like additional copies, this directory is on the Texas Workforce Commission website at <http://www.twc.state.tx.us/svcs/agri/directory.pdf>.

Staff will be happy to assist you at any time.
