### **Instructions for Viewing**

#### **1. View Recording screens**

- a. Key in your name (no recording key required). Click the View Recording button. This displays a second View Recording screen.
- b. Key in your e-mail address and company name. Click the View Recording button. This displays the View Recording Info screen.

#### **2. View Recording Info screen**

- c. Click the  icon next to **Microsoft Office Live Meeting Replay** label to run the recording in streaming audio and video.

**Note:** If you're inside the TWC firewall, you may see a

- Security Alert window. If so, click the Yes button.
- Network Password logon window. If so, enter your TWC network user ID and password. (This is **same User ID and password** you use when you first log on to your computer each workday.)

- d. The session starts.

**Notes:** If you encounter difficulty running the recording, you may need to download an upgraded version of WMP. The link below connects your PC to the Windows Media 'Download Center.' Make sure you download the version that fits your PC's operating system.
